

## THE DC STUDENTS CONSTRUCTION TRADES FOUNDATION INVITES YOU...

During graduation season each year, the Foundation hosts the annual **Meet the Future** scholarships and awards luncheon recognizing outstanding achievement in the **Academy of Construction and Design**, an accredited skilled trades career and technical education initiative serving students in the District of Columbia.

Funds raised at the Meet the Future event are a critical part of ACAD's annual program budget. The coronavirus forced us to cancel the luncheon this year, but we are still celebrating the accomplishments of ACAD students and graduating seniors. Check your email for your special invitation to our virtual Meet the Future awards presentation featuring students from the citywide ACAD Builds Internship program.

We hesitate to ask for support during this challenging time for us all. As our career and technical education mission continues, ACAD is responding with bold, creative, new programs to help students meet the future through distance learning, employer engagement, paid internship, and work-based learning. The way we work has changed, but the future looks bright. ACAD and the students we serve are strong, resilient, and building for the future.

For information on how you can become an ACAD sponsor, call 202.246.7662 or email [robert@dstudentsctf.org](mailto:robert@dstudentsctf.org) **Join these training partners who support student achievement in skilled trades career and technical education:**
